Opening Times

Monday to Friday 9am until 1pm, then 2pm until 5.30pm.

Saturday morning, late evening and early morning appointments may be available by arrangement with your dentist.

Emergencies

Every effort is made to see patients in pain, discomfort or with other dental emergencies quickly and a dentist will usually be available the same day. It is helpful to contact the surgery as early in the day as possible. Outside normal surgery hours, the practice answerphone will advise patients.

NHS patients

We welcome new and prospective NHS patients. Please remember to qualify for NHS care, you must be registered. If you do not visit the practice over a period of 15 months or more, your NHS registration will lapse.

Charges

Government charges for treatment apply to NHS patients. Our receptionists will be able to advise about patients who qualify for partial or total exemption from charges and can give all patients an estimate of treatment charges after a dental examination.

Patients will be required to pay their charges before completion of treatment. Accounts may be settled by either cash or cheque. We also accept most credit and debit cards.

*A new
treatment concept*

Roger Holdsworth Dental Care are pleased to welcome you to our new practice at Russell Court in Cottingley.

We aim to provide our patients with a high quality, modern dental service which meets your needs and puts you, the patient, first.

- We **care** about your comfort and the service we give
- We **understand** your apprehensions and problems
- We are **committed** to providing dentistry of the highest quality using the latest techniques and technology.

Our modern, purpose-built premises at Russell Court in Bingley mean we have the latest dental technology at our disposal to offer comprehensive dental care for all the family in a relaxed and friendly environment. The surgery is fully accessible for people with disabilities.

We are currently accepting new National Health Service patients and, additionally, are able to offer a range of further, private treatments to patients. These include complex crown and bridgework and cosmetic dentistry eg, natural-coloured fillings, veneers and tooth whitening.

Roger Holdsworth Dental Care @ Russell Court offers our patients:

Protection

We take all necessary precautions to safeguard both patients and staff from all transferable infections. We meet or exceed all government standards with regard to sterilisation of instruments and the use of disposable items.

Prevention

Prevention is the speciality of our hospital-trained hygienist. Treatment of gum conditions and advice on plaque control help to keep teeth indefinitely. Children's teeth are sealed against decay and practical help is given to establish good dietary habits and oral hygiene.

Technology

Our two ultra-modern dental suites and two dental studios at Russell Court are fitted with state-of-the-art equipment. The use of quality materials and the latest techniques enable us to provide treatment of the very highest quality.

Our dentists, hygienist and ancillary staff are all part of a team dedicated to helping you, the patient. Please ask if you are unsure about any part of your dental care.
